

# TELEHEALTH TECHNOLOGY SUMMIT 2018

DECEMBER 12 & 13

NEW ORLEANS, LOUISIANA

## AGENDA

### Wednesday, December 12, 2018

7:30 - 8:30

CONFERENCE CHECK-IN & CONTINENTAL BREAKFAST

8:30 - 9:00

**WELCOME**

**SPEAKER:** LLOYD SIRMONS

Southeast Telehealth Resource Center

9:00 - 10:00

**KEYNOTE PRESENTATION**

**SPEAKER:** Coming Soon!

**TOPIC:** Coming Soon!

10:00 - 10:30

BREAK

10:30 - 11:00

**PRESENTATION I**

**SPEAKER:** DORIS BARTA

National Technology Assessment Center

**TOPIC:** TECHNOLOGY SHOWCASE OVERVIEW

*Doris will explain TTAC 's National Telehealth Technology Showcase and what each attendee can expect in each demonstration!*

11:00 - 12:00

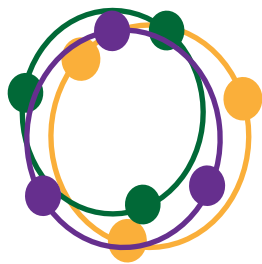

**DEMO I**

**TOPIC:** Experts from the National Telehealth Technology Assessment Resource Center (TTAC) will showcase various telehealth technologies in hands-on demonstrations with all attendees! These technologies include Video Conferencing Cameras, Exam Cameras (with a variety of lenses including Otoscope and Dermoscope), Electronic Stethoscopes, Remote Monitoring Systems, and mHealth Devices. All of these technologies will be displayed throughout three separate demonstration sessions in which attendees can compare key differences in lenses (such as picture clarity, ease of use, and camera functionality), view what the presenter and specialist would see on each device, compare low-end vs. high-end technologies, and discuss upcoming technology directly with members of TTAC.

12:00 - 1:00

LUNCH
