## #SEARCH2017

The South Central Telehealth Resource Center and the newly-formed Society for Education and the Advancement of Research in Connected Health (SEARCH) is hosting SEARCH2017, a telehealth research symposium, at the Lansdowne Resort in Leesburg, Virginia, on April 4 & 5.

The event will showcase connected health efforts, strategies and partnerships, specifically those that focus on the research of Telemedicine, Telehealth, eHealth, mHealth and other health care technologies.

Don't miss this opportunity to network with peers, researchers, clinicians, innovators, academicians and policymakers from around the country!

Registration is open and seating is limited.  
Agenda available at the conference website!

## Quarterly Thought Conference –

**ARCHIVED**

In this webinar, Christa Natoli, deputy executive director at The Robert J. Waters Center for Telehealth and eHealth Law (CTeL), discusses safe telemedicine practice.

On April 18, join Christa once again as she provides an update on national and regional Telehealth issues.

Save the date and watch for more information!

## Online Course

Have you wondered how HIPAA and privacy laws play a part in telemedicine?

Allow our resident HIPAA expert, Captain Compliance, to take you on a tour of what you need to know when dealing with these crucial elements in the incorporation of a telemedicine program.

[Launch Course >>](#)

## Podcast Series

Each month, telehealth professionals chat about different topics related to the world of connected health.

Listen to the podcasts on your daily commute, while sitting in a waiting room or even on your lunch break. Twelve episodes are currently available for you to explore.

Telehealth Talk is the only monthly podcast devoted to Telehealth.
